

SINCE 1990 | Outfitting
the Nation's Best Schools

RELIABLE

Welcome !

There's a reason why so many of the nation's top schools have chosen RELIABLE — we are different from the rest. The RELIABLE icon highlights products that are cut, sewn and crafted by expert hands in our Ludhiana factory. For over 30 years our workforce has custom manufactured uniforms for schools that are individualized, distinct, decent, comfortable, durable and 100% guaranteed.

We think knowing where your uniforms come from and under what conditions they are made is important and so do the schools we serve. We have state-of-the-art manufacturing unit with highly skilled workforce who are dedicated for this job. Moreover, the uniforms are manufactured in hygienic conditions which makes the uniform skin friendly and healthy to wear.

A separate design and development team to ensure that you get the best and most updated designs which look elegant and sets you apart from the crowd. When your students wear RELIABLE, they are wearing a dignity. Since 1990, we have partnered with schools nationwide — providing superior service, delivery, and products that help make schools better places for young people to learn.

Reliable is among top suppliers of uniforms in the entire nation and the largest in the North-Eastern India serving more than 1200 schools.

We invite you to visit us in person any time of year and see first-hand, the whole process of manufacturing and the conditions under which your uniforms are manufactured and similar other things that sets us apart.

We have no doubt that you will be impressed and your belief in RELIABLE will strengthen.

Less Cling . Lightweight Ventilation . Proud Team Design

Technology

Made of high-performance, microfiber, polyester fabric wicks sweat away from the body and moves it to the fabric surface, Where it evaporates. As a result, this fabric helps you stay dry and comfortable.

Mesh pattern on the back provides lightweight ventilation while showing support for your team, while the inside collar features a functional, flocked screen print for drying your face during play, Hem vents with a flat braided drawcord at waist for enhanced range of motion and comfort

KNOW YOUR APPAREL TECHNOLOGY

Selection

There is plenty of choice within our collections and garment fit is generous. All aspects that are designed to cater for different ages, shapes and sizes. Consider your style and colour carefully so that it reflects the correct image of your institution. Take advice from us and we will help you choose the best fabric and style that performs the best in the environment the garments will be worn in

Reliable uniforms use pre-shaped 3D silhouettes that allow great freedom of movement while you perform. Many features such as sculpted openings at collar, waistband, hem, arm, cuff and leg, combined with specific fabrics, constructions and ideal seam placement result in optimized fit and comfort

At **Reliable** we use special fabrics that are suitable for shorts & jerseys for better performance at sports. Its categories include Honey Comb, Honey Comb back P.C, Plain Polyester, Micro Plain Fabric, Rice Knit, Dot Knit etc. Made from finest quality micro polyester yarn with sweat absorbent property, it keeps the players dry, cool and comfortable.

Reliable CLIMACOOOL clothing moves heat and sweat away from your body through a mixture of heat and moisture management materials, ventilation channels and three dimensional fabrics which allow air to move closely to the skin.

Our winterwear is lightweight, breathable insulation that keeps you dry and comfortable in cold weather conditions by using densely woven synthetic fibres to trap warm air close to the skin. While these fibres are dense enough to trap air, they are spaced far enough apart to easily allow heat-sapping sweat to escape through evaporation.
